sglobe.co
one-stop-shop for startups

**compherensive support to startups with a multi-faceted approach**

## for startups

At SGlobe, we enable startups to effortlessly manage everything from company formation to completing their globalization journey—covering financial statements, legal services, and incentive and grant management under one roof.

## core services

Provide expert consulting services in areas such as legal, financial, and operational management

Through our VC fund, we offer access to capital and strategic support to accelerate growth and scale operations.

Empower startups through our technology development center for innovation and our global expansion services help them enter new markets and achieve international success.

## portfolio

OCTOPUS More Than Digital Signage · Buddy · unitplan · TURAN · Mükellef

## for corporates & organizations

### SGlobe VCIF

Supports startups from the seed stage through early-stage and follow-on investments, co-investing alongside lead investors.

Specific investment amounts and average equity stakes are determined for each startup.

A combination of in-kind and cash investments ensures comprehensive support.

### Scout as a Service

Scout as a Service identifies early or later-stage technology companies within your organization's focus sectors.

Designed for corporate entities, it facilitates discovering, engaging with, and investing in emerging technology companies.

This on-demand service ensures alignment with your sectoral priorities to unlock growth opportunities.

### Acceleration as a Service

We design tailored programs to connect organizations with startups aligned to their focus industries and innovation goals.

By matching organizations with startups offering innovative, priority-focused solutions, we drive meaningful partnerships.

Our programs support strategic partnerships that enhance competitive advantage and foster innovation-driven growth.
